Association research staff in training linked to the Universitat de Girona

## Who are we?

We are a heterogeneous collective enclosing all people related with research and to Master degrees and Ph.D. in the Universitat de Girona (UdG). This includes people with fellowship (pre- / post-Ph.D.), contracted by projects or Universities or just students and investigators without a salary.

## What do we do?

The objective of the association consist in ensure our rights and duties and improve not only the research but also the quality of the Master degrees and the Ph.D. in the Universitat de Girona. We also report students from this and other studies.

We also work with other associations and collectives with common interests from Catalunya and Spain through D-Recerca and FJI-Precarios.

## How do we work?

- We report about the rights and duties of our collective.
- We give support and advice in relation to bureaucratic problems.
- We claim for improved working conditions and ensure the quality of Ph.D. studies.

## Until now...

- We established the orange Thursdays at the Universitat de Girona (contact with us if you want a t-shirt to join this campaign).
- We meet regularly with the Government team of the UdG.
- We take part, by the representative of the Ph.D. students, in the Government Commission of the Doctorate School (Regulation of the Ph.D. studies of the UdG, Thesis letter, Regulation of thesis presented by articles, etc.).

- We took place in protests against the decrease in financing the UdG.
- We keep fighting to dignify our profession!!!
